## WEATHER IS COOLER; BUSINESS IMPROVES

### Railroads Traffic into New Orleans Rapidly Increases.

### LITTLE CHANGE IN SITUATION

The Rainy Season is About Over and the Work of Destroying Mosquitoes Breeding Places Goes On.—Situation Looks Good.

New Orleans, La., Oct. 7.—The rainy season here is apparently over and is soon followed by cool and invigorating weather which will enable the authorities to resume their work of destroying the breeding places of the mosquitoes. There was little change in the fever situation today, the cases and deaths promising to strike the average of the present week.

The returning passenger traffic over the roads leading into New Orleans is rapidly increasing, and it is expected that almost the normal population will be here by the time the president reaches town.

**Weather is Cooler.**

A chill in the air here and cooler temperature in portions of Louisiana brightened the spirits of people generally today and raised the hope that improving conditions in complete resumption of business in not many days distant.

Shore communities are intimating their desire to remove restrictions as soon as reasonable safety will permit. St. James parish is to lift her quarantine on the twentieth of October, Baton Rouge probably at the same time, and Alexandria on the 15th.

Shreveport has suffered severely, in a commercial way, by the cancellation of practically all trains, is taking steps to resume communication with some of the surrounding parishes which it is believed will be the first step to wiping out quarantine altogether. Natchitoches has made concessions already, and is likely soon to throw herself open to the whole state.

Owing to the quarantines, many terms of court have had to be deferred, but arrangements are now being made for their resumption.

The drift of laborers into the sugar districts is growing heavier now that the season for cane cutting is now at hand. A large crop is to be harvested. Sensational reports sent away from here a week ago to the effect that the crop had been destroyed by the storm being utterly without foundation. Practically no damage was done.

The local situation continues to grow better with a steady reduction of the cases under treatment and a further decrease promised in the weekly death list.

That the government believes the situation here is under complete control, is indicated by the fact that officers are still being suggested for transfer to other points.

In connection with the history of the fight that is to appear in the surgeon records, Dr. White has asked his board headquarters to furnish complete figures in their possession by Oct. 12.

**Conditions in Country Better.**

Steady progress is being made in wiping out the fever in St. John Parish between Baton Rouge and New Orleans. Bigard has not had a case for 10 days.

The last case at LaPlace has died. There are less than thirty cases in the entire parish, which at one time was badly infected.

The quarantine against Kentwood, Tangipao Parish has been raised. Only one new case developed there 3 days ago.

Not a new case has developed in Donaldsonville in the past 24 hours.

Baton Rouge is practically clear of fever here. Not a case has been reported here in a week.

**Five New Cases at Natchez.**

Natchez, Miss., Oct. 7.—Five new cases developed here today. Of these two are white were reported this morning. Two new foci are reported.

Two of the patients at the hospital were discharged today, one being Dr. Dumas, the negro physician, who was reported sick Sunday. Total cases, 126; total foci, 46

**Two Deaths at Pensacola.**

Pensacola, Fla., Oct. 7.—Two cases and two deaths of yellow fever were reported at noon today. Another big report is expected soon. One of the new cases today is that of British Vice Consul Bonard.

Only eleven persons left today for the detention camp.

### IMPROVEMENTS FOR JAPAN.

**Associated Chambers of Commerce Make Recommendations.**

Tokio, Oct. 7.—The sessions of the associated chambers of commerce were closed today after the delegates had passed a resolution to memorialize the government on numerous points calculated to advance and duplicate national trade, industry and finance. The following are the most prominent features:

The creation of governmental commercial agents.

The establishment of floating exhibitions of samples and museums in foreign ports.

A customs tariff union between Korea and Japan.

The opening of a universal exposition.

The improvement of existing railroads and the rapid construction of new railroads, retrenchments in the expenses of the administration.

The establishment of a Japanese-Chinese bank.

The adoption of measures against the expansion of the currency.

### LITTLE BOY RETURNS HOME.

**No Clew to Those Who Kidnaped the Child—Police Mystified.**

New York, Oct. 7.—The abandonment of Tony Marendino by the persons who had kidnaped and held him for ransom and the return of the little Italian boy to his parents which occurred last night, has given the police no clew to the kidnapers.

So impressed with fear of the persons who had stolen him was the little fellow, that he either could or would give no other description of his captivity than a mass of confusing contradictions out of which the police could extract nothing that would point to the identity of his captors. He had even been so schooled by them that he called them "papa and mama", but declared upon closer questioning that they were not his real parents.

The boy, who is 6 years old, was found in a Third avenue trolley car last evening, where he had been abandoned by two men. He was turned over to the police who recognized him as the son of an Italian contractor in Brooklyn. He had been missing 12 days.

**Killed By an Electric Car.**

Atlanta, Oct. 7.—S. J Manning was killed by a trolley car of the Marietta street line, at the corner of Marietta and Hampton streets Thursday evening at 6:30 o'clock Mr. Manning was an insurance solicitor. He resided with his wife and child at 57 Connally street. From the evidence of those who saw the accident, and who were questioned by Coroner Thompson, it seems that Manning attempted to cross the street in front of a Marietta street car. So close was the car to the unfortunate man that the motorman could not stop it before it struck him.

**Negro Desperado Surrenders.**

Cumberland, Miss., Oct. 7.—John Randall, a negro desperado, who shot and killed E. H and Hugh Roland, near Mister City, about a week ago, surrendered to the sheriff at Tchula. He was lodged in jail at Lexington. A detachment of the Sunflower military company left on a special train to escort Randall to the Lexington jail. The negro was formed in Senatobia after he surrendered. A posse had been after him.

## FOURTEEN MEN ARE KILLED BY CAVE-IN

### Hungarian Laborers Mashed to Death in Slate Quarry.

### FOUR BODIES ARE RECOVERED

President Williams, of the Vermont Slate Company, Is Among the Dead. Work of Rescuing the Injured Is Carried on by Citizens.

Troy, N. Y., Oct. 7.—Fourteen men were killed by a cave-in at the Vermont Slate company's quarry, about 7½ miles from Granville, N. Y.

Among the dead is J. B. Williams, president of the company.

The others were Hungarian laborers.

Sixteen men were buried in the cave-in.

David Caldwalder and Warren Queen two foremen of the quarry, were rescued. The latter is expected to die.

Four bodies have been recovered.

The residents of Granville and the neighboring country are helping in the work of rescue.

Mr. Williams was a prominent citizen of Granville. He was formerly a commercial traveler of a New York Japanese sugar store.

### UNION BUYS AUTOMOBILES.

**Street Car Men Will Use Them in Case of Strikes.**

Chicago, Oct. 7.—The national convention of Street Railway employes in session here, yesterday appropriated $20,000 for the purchase of ten automobiles to be used by the union to convey passengers wherever there is a street car strike, the profits from the fare to go into the defense funds, where the $20,000 came from.

The union owns three automobiles, which were used during a strike in Saginaw, Mich. Others were leased during the strike in Bloomington, Ills.

W. D. McMahon, president of the national organization admitted that 10 motor cars would not be of much consequence in case of a street car strike in Chicago.

"But they give us a start at least," he said, "and we could buy or lease more and an automobile is always good property."

**Charged with Robbing Mails.**

New York, Oct. 7.—Charged with the theft of a package containing a turquoise ring, Charles P. Tucker a clerk in the package department of the postoffice, was arrested yesterday. Besides the ring, Tucker had in his possession when arrested o valuable diamond breastpin, a turquoise chain, a gold chain with heart locket, and a Catholic prayer book, which was richly ornamented with gold. Scores of complaints from prominent Maiden Lane jewelry firms that packages, which they had sent through the mails, had failed to reach their destination have been received recently by the postal authorities.

**New Star is Discovered.**

Cambridge, Mass., Oct. 7.—A new star, rivaling almost the sixth magnitude, has been discovered by the Harvard observatory. The new light is in the constellation Aquila, and takes its name, Nova Aquilae No. 2, from this fact. It being the second new star found in that group. The light in the new star is steadily decreasing. The star when first seen was P. 6.6, but now it has a magnitude of 11.5.

**Rockefeller Gypsies Have Gamble.**

Chicago, Oct. 7.—A dispatch to the Record-Herald from Cleveland, O., says that a hotel for travelers, with lottery features, will be erected by John D. Rockefeller in this city for the Cleveland Gypsies colony. "I am opposed to every subject," as in regarded to lotto said in announcing his plans to the Hungarian Gypsy military police day.

### A BLACKMAILING INSTITUTION.

**Is the Term Applied to Ludlow Street Jail of New York.**

New York, Oct. 7.—Ludlow Street jail in New York, is a blackmailing institution, according to Sheriff Erlanger's statement yesterday before the board of estimates.

"I know that Ludlow Street jail," said the sheriff, "through the civil process, is the champion blackmailing institution of the United States. I know of one case where a man was imprisoned for a breach of promise in a suit for $10,000, and the people who put him in jail compromised for $17, and that $17 was divided among three persons.

"I believe that nine of the ten of the civil prisoners who are sent to Ludlow Street jail are there through process of blackmail. The system is all wrong, to the shame of the legislature."

Mr. Erlanger asked for $100,750 for the annual expenses of the jail. Nine prisoners, he said, was the greatest number there had been in this jail at any one time during the past year, and at present the jail has three. They are guarded and cared for by one warden, eleven keepers, two engineers, two cooks and a laundress. After this announcement by the sheriff, was computed that on a basis of nine people as prisoners in the jail all the time, each one cost the county $30 a day during his incarceration.

### TIGER NOMINATES McCLELLAN.

**Tammany Also Passes Resolutions Praising Roosevelt.**

New York, Oct. 7.—Political precedent was upset last night when resolutions praising President Roosevelt for his tacts and citizenship in bringing the peace of the Russian and Japanese war were adopted amid enthusiastic cheers at the Democratic convention in Carnegie hall.

The resolutions created a sensation. They speak of the president's "remarkable tact, surprising courage, distinguished ability and commanding influence," in achieving the greatest peace triumph of the age.

Loud cheers marked the mention of Mr. Roosevelt's name and a storm of applause followed the conclusion of the reading.

Perfect harmony marked the convention which unanimously and without dissent nominated George M. McClellan for mayor; Herman A. Metz for comptroller and Patrick F. McGowan, for president of the board of aldermen.

**Leaves $200,000 to Socialism.**

New York, Oct. 7—It was announced last night on behalf of the New York section of the Social Democratic party that the late Mrs. H. D. Rand, the mother-in-law of Professor George D. Herron, had bequeathed $200,000 to found a school for Socialism. Mrs. Rand, who died recently in Florence, Italy, four years ago, established the chair of Christian physiology in the University of Iowa, Grinnell, Iowa, which was filled by Herron. About that time he married Mrs. Rand's daughter. His views were too radical for the college, however, and he resigned. Morris Hillquist and Mrs. George Herron, Mrs. Rand's daughter, have been made trustees of the fund.

**Injunction Suit Commenced.**

St. Louis, Oct. 7.—In the St Louis circuit court today argument was commenced before Judge Taylor on the petition of Sloane Ramsey, Jr., general president of the Wabash Railroad company, for an injunction to prevent the holding of the Wabash annual meeting in Toledo next Tuesday at which vote by the Missouri Pacific and Iron Mountain Railroad companies.

**Search for Penny Causes Death.**

New York, Oct. 7.—Searching for a penny intended for a band of wandering musicians, and which rolled into the street, Lillian Barrett, aged 3, and Catherine Sullivan, aged 6, of Brooklyn were run down by a vehicle and instantly killed. Catherine was killed instantly and Lillian passed two hours

## OVER TWO HUNDRED KILLED BY TYPHOON

### Damage Done in the Philippines Said to Be Incalculable.

### THE ARMY IS A HEAVY LOSER

Much of the Improvements Lately Completed on the Islands Are Completely Wrecked—Many Bodies Are Yet Unidentified.

Manila, Oct. 7.—Government reports show that the results of the recent storm is very serious. At least two hundred natives and 25 Americans and foreigners were killed.

It is impossible to identify many of the latter.

The government's police work the past year in the provinces of Cavite, Batangas and the island of Samar, which made possible the largest acreage planted in the history of the island has been undone, and it is estimated retarded development one year in the hemp provinces.

In Albay, Sorsogon, Masbate and Samar fields have been devastated, were houses destroyed and stocks damaged.

Roads are impassable and the transportation facilities are crippled.

The loss is incalculable.

In Albay and Sorsogon 80 per cent of the buildings, dwellings, schools and warehouses have been destroyed.

The storm, in connection with the severe drought which appeared early in the year, it is estimated, decreases the receipts of the islands 40 per cent.

The army is a heavy loser at southern ports.

**STEAMSHIP RUNS ASHORE.**

**Large Pacific Steamer is on the Rocks No Lives Lost.**

Eureka, Cala., Oct. 7.—Past noon the rocks one and one-half miles south of Ponte Gorda, and besides the hulks of the old steamer Humboldt, the San Francisco & Portland company's steamer St. Paul, Captain Randall, is a total wreck.

Its ninety-three passengers and the crew of sixty-five men, are safe.

Some are on board the steamer Pomona enroute to San Francisco, but the greater number are in Eureka, having arrived on the tug Hunter of the Eureka port, and the steamer Vanguard, who rescued them from the wrecked steamer.

The captain and most of the crew are in Eureka.

The disaster, it is said, was due to a thick fog. The Ranger came into port last evening at 10:30 o'clock, bring five passengers and the Vanguard docked shortly before midnight.

Captain Randall states that the disaster was due to the fog and mistake. Blame to no one.

**Believed Negro Has Escaped.**

Houston, Tex., Oct. 7.—Reports from Hearne, Tex., today indicate that Monk Gibbs has made good his escape, and he (one of the negro has been reported since Sunday. The town is quiet but many of the citizens who abandoned the search when the military arrived here returned to their work. Reports that Gibbs did not escape and had been spirited away by the officers, or was killed by them seeking to wring a confession from him, are generally discredited. Sheriff Rau believes the negro is innocent, but may have been compelled to witness the burning.

**Gift for Nicaraguan President.**

New York, Oct. 7.—A glass bottle 5 feet high and holding 7 quarts of liquor was started from this city yesterday on its way to Nicaragua as a gift to President Zelaya from a syndicate that has obtained mining and railroad concessions from the Nicaraguan government. The bottle contains claret, bourbon, rye and dutch whiskies and three cordials. It was shipped to Bonita, whence it will finish its journey by steamer.

## J. ARNOLD MET A TRAGIC DEATH

Drawn by Locomotive at Otter Creek and Badly Mangled.

### BODY SEVERED FROM BODY

Unfortunate Man Attempted to Cross the Track When Engine Backed into Him Knocking Him Down and Grinding Him to Pieces.

Information has reached this city of the accident which occurred at the plant of the Otter Creek Lumber Company, Otter Creek, Friday afternoon, in which J. F. Arnold, forty-three years of age and one of the most trusted employes of that company, met with his death.

The unfortunate man was foreman of the carpenter department of the plant. In attempting to cross the railway at the mill he was run down by a locomotive, which was backing, and which he apparently had not noticed. The accident occurred before the eyes of several fellow workmen, who, seeing the approaching danger, shouted a word of warning, but the noise from the mill drowned the sound, and before he was aware Mr. Arnold had been knocked down, the wheels of the tender passing over him and cutting him completely in two just below the waist. As a matter of fact death was instantaneous.

Mr. Arnold was a native of Madison and before going to Otter Creek resided in Madison. He had been in the employ of the Otter Creek Company for some time, and his untimely demise caused a great sorrow among his fellow workmen, who thought well of him.

He leaves a wife and baby, who have the sympathy of the bereaved mother, and the entire community.

## HAD TO HIDE IT

A mother wrote us recently that she had to keep Scott's Emulsion under lock and key—her children used to drink it whenever her back was turned. Strange that children should like something that is so good for them. It's usually the other way. Scott's Emulsion makes children comfortable, makes them fat and rosy-cheeked. Perhaps that's why they like it so much—they know it makes them feel good.

## NEWS OF CITY AND COUNTY CONDENSED

W. F. Blogg of LaCrosse was among the Saturday visitors to Gainesville. He is an old friend of The Sun and took advantage of the opportunity to renew his subscription.

D. M. Dean of Espanola is here to spend a day or two with his family. Mr. Dean is now pleasantly located in his new house on Franklin street, East Gainesville, which is one of the handsomest in the city.

Do not forget that Dr. E. H. Armstrong and staff of eye and nerve specialists, of Jacksonville, will be here at the Brown House, October 8th and 9th. They request that all their former patients will come to the hotel for an inspection of their case, and would invite any others who are in need of their services to see them.

Wanted—Trustworthy man to manage branch office and distributing depot for large manufacturer. Salary to start with, $1,200 first year, and extra commissions and expenses. Applicant must have good reference and $1,250 cash, capital secured. Experience unnecessary. Address "Manufacturer," 21 West Atwater St., Detroit, Mich.

Chas. W. Wells of Alachua, Daniel Hall of Newberry and D. L. Williams of the Beville section were visitors to Gainesville yesterday. Mr. Williams states that Rocky Hill school, Miss Delia Jolly, principal, opened Monday with an enrollment of fourteen, which is the largest enrollment since the school was established three years ago. Miss Jolly is quite popular with patrons and pupils.

Attention is called to the change in the Continental Cafe advertisement. The reputation of this popular place for boiling and splendid service in every respect is too well known to our readers for any further endorsement. The present management say they expect to sustain this reputation in every way, trying to make new friends and hold the old ones, at the same "old corner," by fair treatment and good service.

W. F. Harris, a promising young man of LaCrosse, was in the city yesterday. He called at The Sun office and showed his appreciation of Alachua's luminary by renewing his subscription. Mr. Harris states that the farmers in his section are busy now harvesting their crops, but labor is very scarce. He is paying $1.25 per hundred to cotton pickers, and finds it difficult to secure them at that.

O. W. Forster, who resides about seven miles west of Gainesville, has been bringing to market some of the finest turnip and mustard "greens" ever placed on sale here. John Chesnut has had the exclusive handling of these vegetables, and within a few moments after the arrival of Mr. Forster's wagon every bunch is eagerly sought after. The demand has far exceeded the supply and must fall Mr. Forster will engage more extensively in the growing of this class of truck.

### The Seventeenth Saturday.

Saturday was the seventeenth consecutive Saturday of rain. Two good showers visited this section, though not of long duration.

The summer coming to a close has been one of the wettest in Alachua county for many years, with the result that the farmer has suffered.

### WILL PUT TRAIN BACK.

G. & G. Will Not Inconvenience Patrons for Great While.

"The morning train from Micanopy and intermediate points will be put back soon," remarked Superintendent Barker of the Gainesville and Gulf Railway, when asked regarding the service. There has been considerable complaint since the train was taken off, for the reason that parties living on the line of the Gainesville and Gulf south of this city, many of whom had been accustomed to trading here, were not permitted to come to Gainesville and return the same day.

"We are anxious to favor the patrons along our road," continued Superintendent Barker, "but it became absolutely necessary to repair our rolling stock, and this necessitated discontinuing this train for a short time."

Mr. Barker assured The Sun representative that the service would be resumed as soon as the rolling stock could be put in proper shape.

### Full of Tragic Meaning

Are these lines from J. H. Simmons of Cassy, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for consumption, coughs and colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At all druggists; guaranteed; 50c and $1.00. Trial bottle free.

No further business the board adjourned.

### A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.

### Notice to Water Takers.

The water rents for the quarter ending December 31st, 1905, will be due and payable to T. R. Ellis, collector of revenue, on or before October 10th, 1905. The rules regarding the cutting off of water and turning on the same will be rigidly enforced by order of the City Council of not paid by the proper time.

J. M. Hall, City Clerk.

## THE LIBRARY CONTEST.

### The Voting is Light With Kirby Smith Still in the Lead.

The voting the past week shows a desire on the part of some concerns that have voting places to relinquish interest in the contest. The two leaders in the running have gained considerable, Kirby Smith Chapter having 11,625 and the Odd Fellows' Home 10,049. Some people persist in voting for the organizations that have requested their names withdrawn.

This being the last week, it is absolutely necessary that the votes should be handed in early on next Saturday morning. Many places did not make returns the past week, and these are known as the precincts where the Odd Fellows have secured their largest vote.

The following are the totals to date:

| | |
|---|---|
| Kirby Smith Chapter | 101,823 |
| Odd Fellows' Home | 180,260 |
| Earnest Workers | 44,300 |
| Union Academy | 7,028 |
| High School | 5,605 |

### How to Cure Corns and Bunions.

First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequaled. For sale by all druggists.

### Alabama Auditor Reports.

Birmingham, Ala, Oct 7—The report of of the state auditor for the fiscal year ending Sept. 30 shows gains in every department of the state's income. The total income was $3,356,337, an increase over the preceding year of $132,000. The convict department turned in $561,241. The insurance department shows double the income of the preceding year. The total educational fund collected amounted to $1,020,000.

## KEEP YOUR HEAD UNCOVERED.

### The Constant Wearing of a Hat Propagates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## THE HOLY CITY.

There is no sweeter or more touching sacred song than "The Holy City," and what it did on one occasion is told by The Sabbath Recorder in the following pathetic story, which will touch the heart of the most hardened. It shows what a sacred song can do:

Thirty men, red-eyed and dishevelled, lined up before a judge in a San Francisco police court. It was a regular morning company of drunks and disorderlies. Some were old and hardened—others hung their heads in shame. Just as the momentary disorder attending the bringing in of the prisoners quieted down, a strange thing happened. A strong, clear voice from below began singing:

"Last night I lay a-sleeping;
There came a dream so fair."

Last night! It had been for them all a night of drunken stupor.

The song was such a contrast to the horrible fact that no one could fail of a sudden shock at the thought the song suggested.

"I stood in old Jerusalem
Beside the temple there"—

the song went on. The judge had paused. He made a quiet inquiry. A former member of a famous opera company, known all over the country, was waiting for trial for forgery. It was he who was singing in his cell.

Meantime the song went on, and every man in line showed emotion. One or two dropped on their knees. One boy at the end of the line, after a desperate effort at self-control, leaned against the wall, buried his face against his folded arms and sobbed, "O, mother, mother!"

The sobs, suiting to the very heart the men who heard, and the song still welling its way through the courtroom, blending in the hush. Then one man protested.

"Judge," said he, "have we got to submit to this? We're here to take our punishment, but this—"

He, too, began to sob.

It was impossible to proceed with the business of the court, yet the judge gave no order to stop the song. The police sergeant, after a surprised effort to keep the men in line, stepped back and waited with the rest. The song moved on to its climax:

"Jerusalem! Jerusalem!
Sing for the night is o'er!
Hosanna in the highest!
Hosanna forevermore!"

The judge looked into the faces of the men before him. There was not one who was not touched by the song—not one in whom some impulse was not stirred. He did not call the cases singly, but with a kind word of advice he dismissed them all. The song had done more good than punishment could have accomplished.

## THE STATE PRESS.

A better, brighter and more hopeful spirit is observed among our people than for years. It's a good thing. Pass it around and keep it moving and don't let it lag or die out.—Tampa Tribune.

Every man should feel a pride in his own town, and use every means possible to advance its every interest. A town composed of such a citizenship will prosper and grow like the "green bay tree," etc.—Manatee Record.

The Jacksonville Metropolis shows its complete information regarding the public affairs of Florida by referring twice in one editorial paragraph to "Sheriff Knight" of Tampa. We didn't know he was sheriff.—Tampa Herald.

As Isham Edwards says he is ready to die and the Governor has signed his death warrant, there seems to be no reason (save the Pardon Board) why he should not "skip the ditch" on the day appointed. Isham has confessed to the murder of School Superintendent Eppes of Leon county.—Palatka News.

## SUNSTROKES.

It is said that weeds produce a poison that will cause death, if they are allowed to develop.

Don't borrow trouble. Better borrow something that will be thankfully received when you return it.

Nile water is said to be a sure cure for snake-bite. It may be, but it will never be as popular as the antidote that comes from old Kentucky.

Some people get in the habit of faultfinding and it often becomes chronic with them. Every growl causes a few gray hairs to put in an appearance.

The man who was so lazy and poor that he desired the corn to be shelled that the generous neighbor offered to give him to keep him from starving, still lives.

The advertiser who quotes prices never gets left. Such advertisements are always read by careful buyers, and if a mistake is made in the price it is sure to be discovered.

The State of Arkansas has removed the quarantine on Florida oranges. But that does not cut much of a figure, as there is a market for every orange grown in this State without sending a box there.

We wish to inform the young fellow who was talking so low and sweet over the telephone the other day, that a Kansas man was fined $25 for proposing over the 'phone. The sofa in the parlor is the proper place for such solemn events.

Several Ohio bankers who will not be able to attend the National convention at Washington, owing to a construction of their business methods by their peers in that State, may hold a meeting at Columbus, where a dozen of them are sojourning.

Russia is now trying to show that her laws are all right in regard to the people of that country, and the efforts of other countries to make her appear blacker than she really is, is all wrong. There may be such a thing as good laws, but when the Czar and M. Witte enforce any law they see fit, regardless of the existing statutes, that is where the trouble comes in. Possibly the country may have some good qualities hidden away somewhere, but they have never been exposed sufficient for the people of the world to get a view of them.

For operating a blind tiger in Gainesville a man was fined $500 this week by Mayor Thomas. In default of payment of the fine the man was promptly sent to jail. Such fines as this would soon break up the violations of the prohibition law if such men as Mayor Thomas presided over all the courts and exercised the right to impose such penalties as would make violations so expensive that few would care to brave the law.—Tampa Herald.

## MOZLEY'S LEMON ELIXIR

REGULATES THE LIVER, STOMACH, BOWELS, KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

have their cars partitioned when the law goes into effect, October 12th.

The teacher in the kindergarten school at Tallahassee has returned and there is great rejoicing among the devoted mamas, who will now be relieved of the care of the small children, giving them more time to attend the clubs.

The Seaboard Air Line has purchased Gracey Island, at the mouth of Hillsborough river. It is expected that as soon as deep water navigation is established at Tampa, the railroad will establish big terminals at that point.

There is talk of the Terminal Company of Pensacola turning over Electric Park in that city as a resort for the colored people. If they could arrange it so that electricity would be the only fluid used there it would be a good thing.

It is announced that a company has secured a five years' lease of the Tampa Bay Hotel, the president of which is second vice-president and traffic manager of the Seaboard Air Line Railroad. The hotel was built by the Plant System.

Horace Batchelt of Tampa wasn't asleep at the switch Thursday night, but he was resting quietly on the Seaboard track when a switch engine came along and took off the middle finger of his left hand. He escaped further injury and was not drunk, either.

The firm of G. T. Condrey & Co. of Coleman, Sumter county, has made an assignment to A. B. Nelson. This firm was supposed to be in good circumstances, having a stock of general merchandise. The liabilities will exceed the assets by about two thousand dollars.

### G. & G. SURVEY.

**Surveying Corps Now Near Brooksville and Making Fine Progress.**

The Gainesville and Gulf surveying party are now near Brooksville, and reports are to the effect that the force is making fine progress and will reach Tampa within the next three weeks.

The corps experienced considerable difficulty the first three weeks. The weather was bad, the woods were overflowed and progress was not as rapid as was expected. It was intended to finish the survey within four weeks, and this would have been accomplished had it not been for the drawbacks at the outset.

The first consignment of iron has been received and as soon as the line is established work of grading and laying iron will begin. It is safe to say that this work will begin within the next three weeks, and the same will be pushed as rapidly as possible. The Gainesville and Gulf Railway, which will be the trunk line of Florida, expects to be running trains into Tampa by August 1st of the coming year.

**Planned to Kidnap Rockefeller.**

Butte, Mont., Oct. 7.—Pat Quwe and an accomplice planned to kidnap John D. Rockefeller, according to a statement made by Cowe. It was their intention to induce Gates to bring to visit a lonely spot in Chicago, under the impression that he would there find an object worthy of charity, and then to seize and bind his employer and capture the object of their plot. Once in their power, Mr. Rockefeller would have been speedily borne to a place of security and held for ransom.

**If the Baby is Cutting Teeth**

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

### THE DESIGNER.

**November Number Touches on Many Interesting Subjects to Ladies.**

Advance illustrations of handsome fur garments are shown in The Designer for November, so, too, are "Tailor-Made Costumes and Toilettes," some of these being designed especially for those in mourning, while others are for elderly women. "Fashionable Frivolities for Feminine Fancies" pictures and describes new styles in belts and bags, and "Forewords Regarding Fashions and Fabrics" displays the picturesque bolero in many forms and materials. The millinery lesson tells how to make a mourning toque, and "Points on Dressmaking" gives instructions in finishing cloth skirts. The regular styles of the month embrace every desirable garment now in vogue, from the cut-of-door wrap to underwear. Two most excellent short stories are among the miscellany presented: "The Little Schemes of Mrs. Shem," and "The Face Framed in Tears," by Edith Livingston Smith. "In the Good Old Days," by Anna Stahl Allendorf, describes in charming fashion the quaint relics of a New England town, and a companion feature is "A New England Thanksgiving Dinner," presented in a series of reproductions from photographs. "Advance Suggestions for Christmas" are given, and both are augmented by directions for knitting and crocheting sweaters, kimonos, etc. In the entertainment line is a laughable parlor farce for four actors, "While Brother Phil Was Walking," by C. Leona Dalrymple. "A Pie Plant," and Thanksgiving verse. Among the cookery recipes are savory gingerbread dainties, and novel ways of preparing cranberries. Jessie Garwood Fritts, in her talks on silver, describes some of the larger table accessories made of the precious metal. Myra Emmons continues "Etiquette Hints," and Jane Eliot gives further advice for feminine beautifying.

**Saved His Life.**

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump on my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity." Sold by W. M. Johnson.

**State Fair to Open Monday.**

Atlanta, Oct 7.—Piedmont Park has already taken on that air and appearance of festivity which proves that there is need for but little more work before opening the gates of the big state fair, which, with the careful preparation that has been made for many months, is certain to result in the greatest agricultural exposition ever held in the state of Georgia. The buildings have been renovated and repaired, and have never appeared more attractive since the halcyon days of the great Cotton States exposition, for which they were erected. Representatives of several counties were at the grounds yesterday. The displays and exhibits which are coming in from counties in all parts of the state, are of the kind that is certain to prove a most happy surprise to the thousands.

**Plans to Get Rich**

Are often frustrated by sudden breaking down due to dyspepsia or constipation. Brace up and take Dr. King's New Life Pills. They take out the impurities which are clogging your energies and give you a new start. Cure headache and dizziness too. At all drug stores; 25c, guaranteed.

**As to Monopolizing Bridges.**

Washington, Oct. 7.—Upon leaving the White House today, after the session of the cabinet, Attorney General Moody made the following announcement: "It was determined by the president that upon the complaint pending in the department of justice against the monopolization of the bridges and the ferry across the Mississippi river into St. Louis approximate action should be begun by the attorney general."

**Cures Chills and Fever.**

G. W. Wirt, Nacogdoches, Texas, says his daughter had chills and fever for three years; he could not find anything that would help her till he used Herbine. His wife will not keep house without it, and cannot say too much in its praise. Sold by W. M. Johnson.

## RHEUMATISM AN INSIDIOUS DISEASE THAT BREAKS DOWN THE STRONGEST

Rheumatism does not come on in a day; the causes that produce it work silently in the system for years. This insidious disease becomes intrenched in the blood, and some exposure to cold or damp weather, or slight indiscretion brings on an attack. Poor digestion, stomach troubles, weak Kidneys, torpid Liver, and a general sluggish condition of the system are responsible for Rheumatism. Food souring in the stomach poisons the blood, the failure of the Kidneys and Liver to act properly leaves waste matter and impurities in the system, which, coming in contact with the natural acids of the body, form uric acid. This is absorbed by the blood, and as it penetrates to the muscles, nerves and bones produces the terrible pains and aches and other disagreeable symptoms of Rheumatism. Life is made a torture by its excruciating pains, nerves are shattered, the health undermined, and if the disease is not checked it breaks down the strongest constitution. It will not do to depend on plasters, liniments, etc.; such treatment is helpful in easing the pain and reducing the inflammation, but does not reach the blood where the real trouble is located. S. S. S. cures Rheumatism by purifying and invigorating the thin, acrid blood, driving out all impurities and poisons and sending a stream of strong, rich blood to wash out all irritating particles that are causing the pain and inflammation. S. S. S. stimulates the sluggish organs to better action, tones up the stomach and digestion, restores nervous energy and builds up the entire health. S. S. S. cures Rheumatism, whether acute or chronic, and the cure is thorough and lasting. Book on Rheumatism and any medical advice desired without charge.

# OUR WEEKLY NEW YORK LETTER

**The Fashion Show in "Peacock Alley." Bespangled Matrons and Lace Gowned Young Buds—Sailor Suits For Large and Small Girls—Bearskin Coats For Tiny Youngsters.**

By RENE DEVEREAU.

A glimpse of "Peacock alley," that delightfully interesting promenade through the foyer of the Waldorf-Astoria, with its animated groups of fashionable folk, convinces one that New York's gay season, if not in full swing, is unquestionably at hand. All day and until a late hour in the evening there is a steady stream of well dressed men, women and children from all over the world, and the artistic designer and importer fairly revels in ideas and suggestions which she gathers here for future usefulness.

During the mornings there are parties in smart steamer coats and traveling hats, fresh perhaps from a recently landed French liner, or well known New Yorkers in tailor frocks back from Newport or Bar Harbor. In the evening there are frequently some half dozen or more entertainments going on in many different parts of the house, so one catches a glimpse of the artistic, the ultra-fashionable, the freakish, the bohemian and the newly rich element before the day is over.

Some of the smartest dinner and evening gowns recently seen there were all a-glitter with tiny spangles, hand applied, on filmy net. Under the many lights they sparkle with unusual brilliancy. A very beautiful black spangled gown was worn by a well kept looking brunette of exquisite coloring. The skirt which was made over

A FASHIONABLY GOWNED YOUNG MISS.

black chiffon, interlined with silk, fitted smoothly over the hips and flared becomingly at the bottom. With her was a fresh young girl in a dainty lace-robe frock of white with sprays of pink buds made of ribbon appliqued upon the lace and tied with ribbon bowknots. The bodice of this gown was trimmed with corresponding sprays of pink buds, and there was a bunch on the top of the sleeves combined with ribbon bowknots. Particularly fetching are these lace robes this season for dinner, theater or evening frock. An attractive feature about them is the fact that they are brought out in the shops semimade, requiring only a little ingenuity to fashion them into artistic toilets. The material provides for an ample gown, pieces for the bodice and sleeves being separate.

For the debutante and quite young woman dancing frocks of Lierre lace are dainty and youthful looking. Some of these come with graduated flounces all ready around the skirt pattern and bodice trimming for surplice effect. These gowns are so easily constructed that they may be made at home, which materially lessens the expense involved. There are exquisite patterns, simple and reasonable in price, with medallions scattered at intervals throughout. The skirt portions, having a decidedly circular tendency, are held out around the bottom by the ruffled and chiffon trimmed petticoat.

School girls in their teens and their younger sisters are wearing becoming sailor suits more than ever this fall. These are made of the regulation navy blue and other colors, with sailor blouse and collar and soft silk ties knotted in front. On the sleeve and shield the insignia is worked in colored silk, and college girls are embroidering a monogram on the left sleeve of their blouses.

Black and white checks make smart little sailor suits, trimmed with wide black Hercules braid, finished with a narrower width braid of bright red or blue on the inside. A pretty checked suit for a tiny girl was a two piece suit, the plaited skirt being attached to a little waist. The sailor blouse, with deep collar, was trimmed with red and black braid, with an emblem embroidered in red and black on the shield and sleeve. There were two rows of brass buttons down the front, and a soft black tie was tied in a sailor knot beneath the collar.

Dressy little white and colored serge gowns come ready made, with finely tucked gulmpes and undersleeves of white lawn or linen. A pretty model was made in one piece, with a bertha trimming around a round neck formed of the material cut in squares, finished around the edges with a bias taffeta silk band. The sleeves, which hung loose to the elbow, were also edged with a taffeta silk band and laced down the center of the upper portion with ribbon matching the gown in color. With a dress or so of this description and half a dozen white gulmpes a young girl may be appropriately and freshly gowned each day for any occasion.

On any bright day in the early fall or winter one may see in Central park more fashionably dressed little people than may be found in any other city on the globe. Some are from the world of millionairedom, whose nurses look with suspicion upon any stranger who may speak to their young charges. Others just as smartly if not so richly clothed are from humbler walks of life, and hundreds of happy little ragamuffins enjoy the fresh air and sunshine with never a fear of being kidnaped.

On one of the cool days last week an independent little youngster and his tiny sister walked through Central park as though they owned a part of it. The young miss had on a natty little box coat of dark blue cheviot-melton, with a double row of brass buttons down the front. The deep rolled collar and cuffs were of blue crushed velvet, matching in color, and the belt, of the material, was tipped on each side with velvet and fastened in the back with two very stylish square brass buckles. With the coat was worn a dark blue Napoleon shaped felt hat, with a ribbon rosette and quill trimming in front, the very pointed ends being ornamented with silk ribbon lacings.

These little Napoleons in white and colors are also exceedingly fashionable for little boys and, as a rule, are becoming to most children.

Patent leather in hats, caps and belts is being extensively worn by children. It is extremely durable, and, if well cared for, a patent leather hat will look well for a season. Some smart little shapes are of patent leather effectively combined with broadcloth. A stylish model was of a tricorne shape, the brim facing being of black patent leather and the outer crown and brim of red broadcloth. Each of the points was laced with a red silk cord and tassel.

Smart little coats and caps of imitation bearskin in white are all ready for the baby boy when Jack Frost comes. These are so warm and comfortable and withal so new that one may safely watch out for any number of little Polar bears on the streets of New York this winter.

## A Paris Model Cape for Women

### One of the Season's Successes

A few weeks ago we received through our Paris branch a Cape like the one illustrated—a distinctly new model garment that merits the attention it is receiving in Paris this season. We turned it over to a prominent New York manufacturer, who has duplicated it faithfully.

This Double Cape Wrap is 40 inches long, the top cape extending below the hips. It is a coat-effect garment, but sleeveless; graceful, comfortable—can be worn without crushing the gown. It is made with a Neapolitan collar and fastens down the front.

Made of broadcloth in black and various shades—cardinal, navy, tan, gray and green—also in popular mannish mixtures.

### Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

### Officers of Navy Courtmartialed.

New York, Oct. 7.—The court of inquiry ordered from Washington to investigate the acts of Lieutenant R. P. Williams, of the marine corps, and Lieutenant Farmer Morrison, of the navy, organized in the navy yard yesterday. Its members include Captain Gottgfried Blottinger, Colonel Charles H. Lauchheimer and Major Don Williams, of th emarine corps, and Lieutenant W. H. Cronan, of the navy, as judge advocate. The court decided to give out no information concerning the cases, but it is understood that they involve a question of authority between officers.

### Makes Homely Women Pretty.

No woman, no matter how regular her features may be, can be called pretty, if her complexion is bad. Orino Laxative Fruit Syrup aids digestion and clears sallow blotched complexions by stimulating the liver and bowels. Orino Laxative Fruit Syrup does not nauseate or gripe, and is mild and pleasant to take. Remember the name Orino and refuse to accept any substitute. J. W. McCollum & Co

### Insisted on Pleading Guilty.

Houston, Tex., Oct. 7.—Pleaded with from the bench by Federal Judge Burns to withdraw his plea of guilty; offered the services of the best attorney at the bar free of all cost, Willard McDermott, 60 years old, insisted upon his plea of guilty of the federal court to the charge of counterfeiting and asked for immediate sentence. He coined twenty nickels just to see if he could, and told Judge Burns that he had no more money than was needed at home while he was in the penitentiary. He was given thirteen months at Leavenworth.

### Mothers

Who would keep their children in good health should watch for the first symptoms of worms, and remove them with White's Cream Vermifuge. It is the children's best tonic. It gets digestion at work so that their food does them good, and they grow up healthy and strong. Sold by W. M. Johnson.

## ASSOCIATION FUNDS ARE INTACT.

### Arrest of Dougherty Does Not Affect Money He Holds in Trust.

Chicago, Oct. 7.—The shortage of Professor Newton C. Dougheryt, who was arrested at Peoria, Ills., yesterday on charges of misappropriation of school funds and forgery, will have no bearing on the $175,000 fund of the National Educational association, of which he is trustee, and past president, according to Albert G. Lane, district superintendent of schools and local member of the association.

"Mr. Dougherty was a trustee and member of the executive board," said Mr. Lane last night, "but had no voice in the disposition of the funds, which are deposited in the First Trust and Savings bank of this city. I had no intimation of his trouble until I had learned through a newspaper, but any shortage on his part cannot affect the association."

### Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." J. W. McCollum & Co.

### Building Collapsed; Many Killed.

St. Petersburg, Oct. 7.—A five story building in course of construction on Meschtaschankaja street collapsed today and a hundred workmen were buried in the ruins. Up to the time this dispatch was filed, only seven of the men had been extricated. They were seriously injured.

### Eminent Kentucky Physician Dead.

Nashville, Tenn., Oct. 7.—Dr. J. O. McReylods, aged 78, one of the most eminent physicians in western Kentucky, died at his home at Elkton, Ky., this morning. Dr. McReynolds was the father of Hon. James C. McReynolds, assistant attorney general of the United States.

### Don't be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

## READ THIS.

Mobile, Ala., Dec. 26, 1900.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: Having tried different doctors and their remedies for several years for back and kidney troubles, I found nothing successful until taking "The Texas Wonder," Hall's Great Discovery, and, being rapidly cured, the old saying with railroad men is "God bless the man who invented the Pullman sleeping car," but I say "God bless the inventor of Hall's Texas Wonder."

Yours truly,
W. B. Clark,
M. & O. R. R. Co., Mobile, Ala.
